FAQ

As you read through these FAQs, please keep in mind that every decision was made with our team members' and guests' safety in mind.

I see the menu has changed.

The menu will be changing weekly at this time with items coming and going as available and pricing updates.

Where are the condiments?

Current guidance asks us not to place anything on the table. If you need salt, pepper, ketchup, mustard or other condiments, please ask a team member.

Why do I see most people in a black mask but a few in red?

Those in red masks are sanitization specialists that are here to do nothing but be sure we have the cleanest, most sanitary environment.

It's Friday. Why don't you have 2.99 margaritas?

At this time, with limited capacity, we will be charging normal price. When we are allowed to return to full capacity without restrictions, our Friday special will be back.

What about my CGB?

You will still accumulate points and can use as normal. When we get back to full capacity, we will send out all delayed cards and they will be good for a minimum of one month.

Do I have to wear a face covering?

We request that while mobile in the restaurant you wear a face covering if you have one. Once at your table, it is up to you as a guest if you would like to leave it on. (It is kind of hard to eat and drink with it on!) We ask that if you get up to use the restroom or move around that you use it if you have it.

Where are your sanitizer stations located?

All outdoor entrances, patio entrances, at the host stand and between restrooms.

If you see something that doesn't appear right, please let management know. We are all training and doing all we can to provide the best quality and safest experience for our guests.

Thank you for your patronage!
